

Employee User Guide

Kreativefolio — Internal CRM

Live site: <https://kwick.kreativefolio.com>

This guide is for **employees**. It covers how to get access, sign in, and use the tools you'll need day to day.

1. Getting access (first time)

Option A — Register yourself

1. Open <https://kwick.kreativefolio.com/register>
2. Enter your **full name**, **work email**, and a **strong password** (then confirm it)
3. Submit the form
4. Your account stays **pending** until a company admin (superadmin) **approves** you
5. After approval you usually get an email with a **Set password** link — open it, choose your password, then go to Login
6. Sign in with your email and password

Tip: If login says you're not approved yet, wait for your manager/admin to approve you on the Dashboard.

Option B — You already have an account

1. Open <https://kwick.kreativefolio.com/login>
2. Enter **email** and **password**
3. Click **Sign in**

Forgot password?

1. On the login page, click **Forgot password?**
2. Enter your email and follow the reset link sent to you
3. Set a new password, then sign in again

2. After you log in — quick orientation

Area	What it is
Left sidebar	Main menu (what you see depends on your role and module access)
Top bar	Search, theme, your profile avatar
Dashboard	Overview + Reminders card (things that need attention)
Profile	Your photo, leave requests, raise a ticket

Important: Some menus (Sales, HR, Renewals, Reports) only appear if an admin gave you access. If you don't see them, that's normal.

3. What to do every day (recommended routine)

Morning (or whenever you start)

1. Open **Dashboard**
2. Check the **Reminders** card on the right
 - Open **calendar reminders** assigned to you
 - Your open **to-dos**
 - Unread **notifications**
3. Open **Tasks** — work through items assigned to you
4. Open **Calendar** — see today's reminders, to-dos, and deadlines
5. Skim **Chat** for teammate messages
6. Check **Reminders** (notification inbox) if anything important arrived overnight

During the day

- Update **task** status as you work (`todo` → `in progress` → `completed`)
- Add personal notes to **To-Do** (your private checklist)
- Add timed **Calendar reminders** for meetings or follow-ups
- Reply in **Chat** when teammates ping you
- Use **EDITH** if you need a quick briefing, how-to, or help drafting text

End of day

- Mark finished **tasks** / **to-dos** / **reminders** as done
- Leave unfinished items clear so tomorrow's Dashboard card stays accurate

4. Core tools (every employee)

Dashboard

- See a snapshot of work and the **Reminders** card
- **Tick** on a card item = hide it from the card only (does **not** mark it done)
- **Refresh** (circular arrow) = bring dismissed pending items back
- To clear something for real: mark it **done** on Calendar / To-Do, or mark the notification **read** on Reminders

You'll also get gentle nudges **Mon-Sat** around **9:15 AM, 2:30 PM, and 5:00 PM** (Dubai time) if you still have open reminders or to-dos. If you were offline, you'll see them when you next log in. No nudges on Sundays.

Tasks

- Shared work items assigned to people
- Open **Tasks**, find your items, update **status** and finish them when complete
- This is **not** the same as To-Do or Calendar Reminders

To-Do

- Your **personal** checklist
- Add items (optional due date), tick when finished
- To-dos can also show on your Calendar and Dashboard card
- Creating a to-do does **not** create a Calendar reminder

Calendar

- Your agenda: tasks, to-dos, reminders, and other dated items
- **Add Reminder** = timed reminder (you can assign teammates, add a meeting link, set recurrence)
- Creating a reminder does **not** create a to-do
- Mark reminders **done** when finished so they leave the Dashboard card

Reminders (notification page)

- Inbox of in-app notifications
- Separate from Calendar reminders
- Mark as read when you've seen them

Chat

- Message colleagues inside Kwick
- This is **team chat** — not EDITH

EDITH (AI assistant)

- Ask things like “What needs attention?”, “How do I request leave?”, or “Draft a short client follow-up”
- EDITH can look up info (read-only) and help with writing/ideas
- She cannot click buttons or change records for you — she tells you which screen to use

Projects

- **Mini-Projects** — jobs you're on; update progress when asked
- **Clients** (under Projects) — delivery / content calendar for clients
- **Artwork Generator** — create artwork IDs when your workflow needs them

Profile (do this once, then as needed)

1. Open **Profile**
2. Upload / crop your **photo** so teammates recognize you
3. Confirm your name and details
4. Use **Leave Requests** to apply for leave
5. Use **Raise Ticket** if something is broken or you need internal help

Support

- External help: email design@kreativefolio.com or WhatsApp **+971 50 521 1969**
- Day-to-day internal issues → **Profile** → **Raise Ticket** or ask in **Chat**

5. Common how-tos

Request leave

1. **Profile** → **Leave Requests**
2. Choose type (annual, sick, unpaid, other), dates, submit
3. Wait for HR/admin approval

Raise an internal ticket

1. **Profile** → **Raise Ticket**
2. Set urgency and describe the issue
3. Track replies / status as needed

Create a meeting reminder

1. **Calendar** → **Add Reminder**
2. Title, date/time, optional assignees and meeting link
3. Save — it appears on Calendar and the Dashboard card for you (and assignees)

Add a personal checklist item

1. Open **To-Do**
2. Add text (and due date if useful)
3. Mark done when finished

Catch up on what's pending

1. Open **Dashboard** → Reminders card
2. Or ask EDITH: “**What needs attention?**”

6. Modules you may get later (if granted)

Only if your admin enables them for you:

Module	Typical use
Sales	Clients, proposals/estimates, invoices
HR	Staff list, HR documents (and approvals if you're allowed)
Renewals	Domains, hosting, contracts, visas, etc.
Reports	Download employee/client PDF reports

If you need one of these and don't see it, ask your admin to grant module access.

7. Good habits

- Keep **task status** up to date so managers see real progress
- Don't confuse **Tasks / To-Do / Calendar Reminder / Notifications** — they are four different things

- Prefer **Chat** for quick teammate questions; **Ticket** for formal issues; **Support** for external Kreativefolio contact
- Use a strong unique password; use **Forgot password** if locked out
- Sign out on shared computers

8. Quick links

Page	URL
Login	https://kwick.kreativefolio.com/login
Register	https://kwick.kreativefolio.com/register
Dashboard	https://kwick.kreativefolio.com/dashboard
Tasks	https://kwick.kreativefolio.com/tasks
To-Do	https://kwick.kreativefolio.com/todo
Calendar	https://kwick.kreativefolio.com/calendar
Chat	https://kwick.kreativefolio.com/chat
EDITH	https://kwick.kreativefolio.com/ai
Profile	https://kwick.kreativefolio.com/profile
Support	https://kwick.kreativefolio.com/support

9. Need help?

1. Ask in **Chat**
2. Ask **EDITH** ("How do I ...?")
3. **Profile → Raise Ticket**
4. **Support:** design@kreativefolio.com · WhatsApp +971 50 521 1969
